

## Student Transportation of America Celebrates Employee Appreciation Week

*School Bus Transportation Leader Continues Annual Tradition of Expressing Appreciation for its Dedicated Employees*

**Wall, N.J. (April 22, 2019)** – [Student Transportation of America \(STA\)](#), an industry leader in school bus transportation, safety and fleet services, is celebrating its more than 15,000 employees during its annual Employee Appreciation Week taking place today through April 26.

“While I am very thankful for all that our employees do throughout the year, Employee Appreciation Week is a special time to dedicate a week to recognize and celebrate our STA and STC Family as well as the various local names we operate as throughout North America,” stated Denis J. Gallagher, Chairman and CEO of STA, who also expressed his appreciation by personally thanking employees for all they do with a special [video message](#).

“We would not be who we are today without all of our talented employees who put safety first and exemplify our culture of caring and respect for each other,” Gallagher said. “The generosity and compassion our employees show each other and to those in the communities we serve is truly amazing. We have so many remarkable people who do so much for our company, our passengers and our communities.”

Across the United States and Canada, STA and STC locations are preparing for a week full of engaging, fun, and community-building appreciation events with their employees and customers at the school districts they serve.

In Fort Worth, Texas, employees will be treated to ‘Breakfast with the Board’ when members of the local School Board will be on-site to show their appreciation by cooking a special breakfast for drivers and employees.

The STC team in Ontario has organized some “laughter therapy” for their employees, where the group will break into teams to participate in fun, team-building games and friendly competition.

In Ledyard, Connecticut, guests will be celebrated with a different gift each day of the week. The team in Gateway, Pennsylvania, will be treated to a specialty breakfast every day of the week, with each meal representing a different country and trivia about that country’s student transportation practices.

And in Grand Junction, Colorado, a carnival themed party is planned where local management and staff members will be taking turns in a dunking booth, along with special guests from the local school district, to help raise money for local charities and community shelters.
